Operating Systems: Windows

Education

KSRM College of Engg.

EEE

B.Tech in Electrical and Electronics Engineering.

Kadapa Andhra Pradesh.

April, 2024.

ESC Govt. Polytechnic College

EEE

Diploma in Electrical and Electronics Engineering.

April, 2021.

Experience

CODEGNAN DESTINATION TECHNOLOGIES

Bangalore

Java Full Stack Developer Intern

Jun 2024 – Nov 2024

- Developed a fully responsive **Banking Application** using Java Full Stack technologies, including **Java**, **HTML/CSS**, **JavaScript**, **Java Servlets**, **JDBC**, and **SQL**.
- Implemented core banking features such as user authentication, account management, and transaction processing.
- Designed and integrated front-end components with a seamless user interface to ensure responsiveness across devices.
- Utilized **JDBC** for database connectivity and performed **SQL** queries to manage and retrieve data.
- Applied best practices in **Java Servlets** for server-side processing, ensuring data security and performance optimization.
- Successfully completed the project with a focus on functionality, performance, and user experience.

Certifications/Courses

Java Full Stack Developer Internship

Codegnan Destination Technologies

- Gained hands-on experience with **Java Full Stack** technologies, including **Java**, **HTML/CSS**, **JavaScript**, **Java Servlets**, **JDBC**, and **SQL**.
